

BUNDY BLURP!

MEDICATION POLICY

All student medications (prescription and non-prescription) are to be kept in the school office and dispensed by office personnel *only*. No medications can be given to or dispensed by a teacher. The only exception to this rule is for cough drops. Teachers may dispense cough drops *only* to a student whose parent has sent them to school, placed in a baggie with the date, student's name, how often given and for how long.

Students may not share cough drops or other medications with other students.

If your child needs medication dispensed during school, please request the Medication Policy and Release form from the office.

If you have any questions, please call the school office at (951) 674-1254.

Thank you!  
*Bundy Staff*
